VOL. VII. NO. 197.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, AUGUST 1, 1912.

50 CENTS PER MONTH

ROAD BONDS ELECTION WILL BE DEMANDED

STATE HIGHWAY COMMISSION TOO SLOW

Associated Chambers of Com-
merce Will Descend on Su-
pervisors En Masse

FAVORS ISSUE OF
CLOSE TO \$1,750,000

President A. I. Stewart Resigns
and is Succeeded by W. A.
Zimmerman

As nearly one hundred strong as
possible, members of the Associated
Chambers of Commerce of Orange
County will descend on masses on the
Board of Supervisors while that body
is in session next Tuesday afternoon,
and demand that an election to vote
on the question of a good roads bond
issue be called forthwith. This was
decided on at the regular monthly
meeting of the body held in Anaheim
last night.

The meeting was one which de-
veloped several features of importance.
Among other things, a committee was
appointed to take preliminary steps
toward the incorporation of the As-
sociated Chambers of Commerce, in
order that it may better prosecute
movements for the good of the coun-
ty. President A. I. Stewart of Fullerton,
who has served since the first of
the present year, tendered his res-
ignation and was succeeded by W. A.
Zimmerman of Santa Ana.

The meeting was held in Odd Fel-
lows' hall with only a fair attendance,
the vacation season operating to keep
many away. A very delicious banquet
was served under the management of
the C. E. ladies of Anaheim. Following
the banquet Mr. Krause of Anaheim
gracefully welcomed the visitors, the
response being made by J. A. Armitage
of Sunset Beach.

On the part of the Transportation
Committee, A. A. Mills reported as to
what had been done in regard to se-
curing action against the express
companies for their alleged illegal
charges in Orange County. The com-
mittee had communicated with the
District Attorney, who, after looking
into the matter, gave the opinion that
it was not his province to initiate a
prosecution, and that a complaint
should be filed by the Association, as
had been done by the Merchants and
Manufacturers' Association in the
Los Angeles cases.

Plans for Incorporation
Thereupon a motion was made that
a committee of three be appointed to
take preliminary steps toward the in-
corporation of the organization under
the section of the state law providing
for non-profit-making corporations.
The committee is to report at the next
meeting. It consists of H. C. Head and
W. A. Zimmerman of Santa Ana and
Lew H. Wallace of Newport Beach.
The proposition was discussed at some
length, the idea being that if the body
were incorporated it could take up
such matters as the express rates case
and fight them as an organization,
without putting the onus on any mem-
ber or members.

A resolution was adopted directing
the Ways and Means Committee to
call on the Board of Supervisors and
ask that at least 3 cents on each \$100
out of the tax levy for the current
year be set aside for advertising the
county. For the Harbor Committee,
Lew H. Wallace reported that a corps
of government surveyors is now at
work on the preliminary survey of
Newport Bay, and will finish in two
weeks. No action was taken on this
line.

President Stewart Resigns
President A. I. Stewart took the
floor and tendered his resignation as
president of the organization. Mr.
Stewart has associated himself with
a syndicate which has purchased a
large ranch in San Diego County, and
expects to give a large part of his
time to the management of it. He felt
that he will be out of the county so
much as to prevent him from being
in close touch with local affairs, as
the president should. The resignation
was accepted with regret, and a rising
vote of thanks tendered Mr. Stewart
for his able and faithful work in the
chair. By virtue of the by-laws, Vice
President W. A. Zimmerman of Santa
Ana succeeded to the presidency, and
Lew H. Wallace of Newport Beach
was elected vice president to succeed
Mr. Zimmerman.

Read Bonds Talk
A motion was offered that the chair
appoint a committee of five to wait on
the Board of Supervisors at its next
meeting, and ask that a good roads
bond election be called as soon as

ENGLAND'S LAW HEAD RUSHED BY SUFFRAGETTES

READING, England, Aug. 1.—
Attorney General Isaacs today
has a taste of suffragette meth-
ods when under guard. He at-
tended the dedication of the new
police building here.
The suffragettes rushed the
guard and tried to attack Isaacs,
who barely escaped being rough-
ly handled.

Confessed to
Smuggling Opium
SAN FRANCISCO, Aug. 1.—Charles
P. May, ship's carpenter on the Pa-
cific Mail liner Korea, arrested a few
days ago for smuggling opium, spent
two hours yesterday repeating to United
States District Attorney John L.
McNab a confession made yesterday.
May gave many details of the meth-
ods of smuggling opium on the big
liners, but so far as was made public,
did not incriminate any person in of-
ficial capacity on the vessels.

Times Editors
Acquitted of Libel
LOS ANGELES, Aug. 1.—General H.
G. Otis, Harry Chandler and Harry An-
drews were acquitted by a jury in Pol-
ice Judge Chambers' court yesterday
of the charge of criminal libel made
against them in April by Frank G.
Henderson, the present head of the
Public Service Commission, who, at
the time the case was started, was
secretary to Mayor Alexander.

REDLANDS, Aug. 1.—Redlands Jap-
anese, about 600 in number, are mak-
ing plans for a memorial service in
honor of the dead Emperor. Officers
of the county association of Japanese
are in charge of the program, which
will include speeches of tribute to the
dead leader.

Los Angeles Seeks
1915 Elks Convention
LOS ANGELES, Aug. 1.—Motley
H. Flint has begun plans to secure
the 1915 Elks' convention for Los
Angeles. This is the result of the
boosting of Los Angeles over the
country by the convention visitors,
especially the recent Shriner dele-
gates.

tal of \$37,500. This includes 24 per-
mits.

Among business structures to be
completed soon are the Oxford Hotel,
\$27,000, and the Pomona Investment
building of five stories which will cost
\$100,000.

Belated Nomination
Petitions Struggle in
SACRAMENTO, Aug. 1.—Six belat-
ed nomination petitions for legislative
places for which candidates will be
nominated at the September primar-
ies arrived yesterday in the Secre-
tary of State's office. They include two
Democrats and three Prohibitionists,
making five members of the latter
party who will go on the ballot.

JUDGES TAKE UP ELECTORAL CASE

Suit Brought by Taft Leaders
to Get Reversal of the
Kansas Ruling

PERMITTING TWO SETS OF
ELECTORS ON G.O.P. BALLOT

Roosevelt Says Suit is Inde-
fensible on Part of Boss-
Ridden Machine

NEW YORK, Aug. 1.—The Kansas
electoral cases, involving the legality
of the future action of presidential
electors in those states where direct
primaries prevail, was taken up today
by Justices Vandeventer and Pitney
of the United States Supreme Court.
The proceedings resulted from the
Kansas Supreme Court's decision that
the names of eight Kansas presiden-
tial electors should go on the official
primary ballot in the Republican col-
umn, though it was announced that
the electors would not support Taft
and Sherman. As a result of the
Kansas Supreme Court's decision,
the Taft leaders applied to the United
States Supreme Court for a writ of
error.

The case of the Taft people is being
represented by Congressman
Olmstead of Pennsylvania and Rich-
ard Hite of Topeka. L. W. Keppinger
of Kansas City, and F. S. Jack-
son of Topeka, are the Roosevelt at-
torneys.
Olmstead asserted that the Kansas
delegates went to Chicago deter-
mined to support Colonel Roosevelt,
regardless of whether or not he was
the Republican nominee. Olmstead
read a letter indicating that this was
the attitude of the delegates. He ex-
plained the alleged necessity of
changing the ruling of the Kansas
court.

JUSTICE GAVE VENT TO BITTER, BIASED REMARK

Arguing on the Roosevelt side of
the case Attorney Jackson said: "This
case contains more dynamite than any
to come before the Supreme Court
since the reconstruction period. The
matters involved are those which
have plunged states into war."
"Justice Pitney interrupted Jackson
at this stage to remark dryly that he
did not think there would be war over
the matter. Jackson and Justices Pit-
ney and Vandeventer became involved
in an argument, Justice Vandeventer
saying: "There ought to be a law to
prevent the Roosevelt people from
stealing Taft electors."

EXCERPT FROM ROOSEVELT'S
PROTEST OVER PROCEEDINGS
OYSTER BAY, Aug. 1.—Character-
izing the proceedings brought before
the Supreme Court in New York to-
day as "indefensible," Colonel Roose-
velt said:

"This is a fresh illustration of the
attitude of the Republican bosses as
shown in the national convention and
every action since taken by the boss-
ridden, privilege-ridden machine mas-
sacre. Chief of the alleged as-
sault, Chairman Hill, in defense of the
Republican national committee prac-
tically takes the position that the
people of California, Arizona and
Washington have not the right to ex-
press their will expressed at the state
primaries to prevail if fifty-three in-
dependent politicians on the national
committee object."

POLICE ON GUARD AT LONDON DOCKS

Soldiers Held in Readiness in
Case of Trouble—Strikers
Kept Constantly Moving

LONDON, Aug. 1.—As a result of
the clash yesterday between the po-
lice and the dock strikers, heavy po-
lice guards were thrown around the
docks today. Strikers are being
searched for weapons. The thou-
sands of strikers who are in the vic-
inity of the docks are being kept con-
stantly moving.

It is understood troops are being
held in readiness in case of further
trouble.

CREWS OF COLLIDING
TRAINS ARE ARRESTED

RIO DE JANEIRO, Aug. 1.—The po-
lice today arrested the surviving mem-
bers of the crews of the two suburban
trains of the Central Brazilian railroad
which collided yesterday, killing and
injuring 100 persons. The crews of
the two trains are charged with care-
lessness.

OROZCO PUTS THE U. S. IN BAD PLIGHT

Is Reported as Having Hung
Two Americans After Expul-
sion of Mormon Colonists

WILY REBEL IS PLAYING
FOR U. S. INTERVENTION

Refugees Still Pouring Into El
Paso—More on Way—Fed-
erals Won Ojitos Battle

EL PASO, Tex., Aug. 1.—Dispatches
here today say that the two Americans
reported hanged near Cananea, Sono-
ra, Mexico, presumably for the pur-
poses of forcing American interven-
tion were S. Shubert, formerly of
Douglas, Arizona, and S. Hurling.

HANGING TO BE PROBED—SIT-
UATION GRAVE—OROZCO'S
THREATS CARRIED OUT

WASHINGTON, Aug. 1.—American
consuls in Mexico were today ordered
by the State Department to investi-
gate the reports that two Americans
have been hanged by Mexican rebels
in Sonora. The situation is most grave.
If it is shown that the hanging is the
carrying-out of the threats of General
Orozco and General Salazar of the
rebel forces to massacre American
citizens, the U. S. government may
decide to intervene.

The expulsion of Mormon colonists
by General Orozco has aroused a bitter
feeling in Texas, Arizona and New
Mexico. It is believed Orozco delib-
erately planned to loot the Mormon col-
onies to re-finance, provision and equip
his army but later decided it advis-
able not to carry out this plan.

U. S. R. R. CONDUCTOR ARRESTED
BY MEXICO FOR SMUGGLING ARMS
NEWBO, LAREDO, MEX., Aug. 1.—
The discovery of a number of rifles
and ten thousand rounds of ammuni-
tion concealed in a Pullman sleeper of
a train crossing the border here today,
led to the arrest of the American con-
ductor by the Mexican customs offi-
cers on the charge of smuggling. The
rurales took charge of the man and
the train proceeded on to Mexico City.

1500 REFUGEES AT EL PASO:
HUNDREDS MORE ON WAY
EL PASO, Tex., Aug. 1.—Another
special train, with 400 refugees from
the American settlements in the
Casas Grandes district arrived last
night, and there are now 1500 refu-
gees, mostly women and children,
stranded in this city.

The refugees report that at Pear-
son, 200 miles southwest of the bor-
der, hundreds of refugees are mobil-
izing from the mountain settlements.
Nearly all of the women and children
have left Colonia Juarez and Colonia
Dublan. A group of 100 arriving at
Pearson from Colonia Garcia, reported
that three babies were born on the
journey, the mothers suffering
great hardships, for they were riding
in farm wagons.

Moving overland from Colonia
Dias, west of the Casas Grandes dis-
trict, is a wagon train with 500 per-
sons, nearly the entire population of
that colony. Canvas-covered wagons,
similar to the historic prairie school-
buses, carry the women and children,
while the men walk or ride beside
the caravan.

This group is due to arrive tomor-
row morning at Tachita, N. M., near
this city. A local railway has ar-
ranged to give many of the men im-
mediate employment.

Nothing has been heard from Co-
lonia Morelos, state of Sonora, west
of the Casas Grandes group of Amer-
ican settlements. This gives rise to
much anxiety on the part of the refu-
gees here. It is known that a band
of rebels set out for Morelos just af-
ter the disarming of the Americans
at the Juarez and Dublan colonies.
The settlers at Morelos have had am-
ple time to reach the border.

FEDERALS HASTEN TO
SURROUND REBELS—U. S.
TO FEED THE REFUGEES

WASHINGTON, Aug. 1.—Advices
the State Department from private
sources today indicate that the fed-
eral troops advancing upon the rebel
stronghold at Casas Grandes in So-
nora, are exposing themselves to dis-
astrous check through haste to sur-
round and capture Orozco's forces.
The War Department has telegraphed
\$2000 to Col. Steever, acting com-
mander of the Department of Texas,
to be expended in rations for Mor-
mon refugees. Reports from El
Paso indicate that 2500 persons soon
may have to be fed, although that
many have not yet arrived.

FEDERALS INSTEAD OF REBELS

ONLY TWO MORE DAYS FOR REGISTRATION FOR PRIMARIES

Are you registered? If not get busy. You have only
two days to qualify for the September primary. If your
name is not enrolled by midnight of next Saturday you will
be barred from participation in the nomination of party
candidates.

Don't overlook your duty as a citizen. The old regis-
ter has been cancelled, and if you have not registered since
January 2 of this year you are not a qualified voter. Don't
get careless and delay action until you are shut out. Get
busy now.

The voter who is in most danger of losing his vote
(and this means HER vote, too,) is the one who thinks he
has registered since the first of the year but has not. An-
other voter who is in danger is the one who has registered
since the first of the year, but has moved from one precinct
to another since registering, without notifying the county
clerk.

A word as to your politics. If you are for Theodore
Roosevelt you can help him carry again the state that he
won by 70,000 in the primaries. To do this you must reg-
ister as a Republican and vote for John N. Anderson for
state senator and Hans V. Weisel for assemblyman. These
are the candidates who are pledged to nominate Republi-
can electors who will support Theodore Roosevelt in the
electoral college.

Whatever your opinions, don't fail to register. The
people will decide the issue, and the bigger the vote the
better for the state. It is only when the people are apath-
etic that a commonwealth is in danger.

DARROW ONCE MORE ON RACK

Ford's Quiz Was Severe—Ac-
cused Labor Attorney Con-
tinues to Put Up Defense

LOS ANGELES, Aug. 1.—Resuming
an attempt to show that Clarence
Darrow was willing to spend \$1000 in
the McNamara case defense, even af-
ter Franklin had been arrested for
jury bribing and that he authorized
Leo M. Rappaport of Indianapolis to
spend that amount to regain McNamara
evidence the day after Franklin
was taken into custody and that there-
fore the bribery and nothing else was
responsible for the closing of the at-
torney cases, Assistant District At-
torney Ford continued his cross exami-
nation of Darrow today.

Ford's cross examination was se-
vere. Darrow flushed angrily on sev-
eral occasions. Darrow denied any
knowledge of Franklin's using money
to influence jurors. He admitted that
he gave instructions to some one in
his office to telegraph Leo Rappaport
the day after Franklin's arrest giving
permission for Rappaport to spend
\$1000 to obtain McNamara evidence,
despite the defense's assertion that
the McNamara case had already prac-
tically reached an end through agree-
ment on both sides. He also admitted
telegraphing Rappaport the day after
the McNamaras had pleaded guilty
telling him not to spend the money.

Ford laid stress on Darrow's admis-
sion that he had not asked Sam
Brown county detective, what he ar-
rested Franklin for when he happened
on the scene of arrest and that he had
failed to inquire for Franklin at the
county jail immediately after his ar-
rest.

Darrow sneered at the mention of
Guy Biddinger, the Burns detective.
He admitted that he gave Biddinger
his telephone number and room num-
ber in the San Francisco hotel while
Biddinger was working for him and
Burns at the same time. Defendant
asserted that he met Detective Brown
with Franklin in charge in front of the
Hall of Records shortly after Frank-
lin's arrest. He said Brown's testi-
mony to the effect that Darrow asked
him for help was a misstatement.

WILL ASK REVIEW OF RULING CLOSING L. A. NIGHT SCHOOLS

LOS ANGELES, Aug. 1.—A petition
to review the case of the decision of
the Supreme Court upholding the ac-
tion of the State Board of Education
in closing night schools from the
territory of the State school
funds, will be asked by Byron C.
Hanna, who represents Los Angeles
County in the suit against the State
Board of Education to have that body
consider the attendance of night
schools, according to announcements.

ANCIENT SUIT DROPPED

Sixteen-year-old Litigation From Be-
ginning of Fugitation Days,
Is Now Dismissed
SAN BERNARDINO, Aug. 1.—A 16-
year-old law suit was dismissed yester-
day at the request of Attorney
Byron Waters, who filed the action
long ago. T. A. Falconer was the
plaintiff and S. A. Pease, J. Hartsell
and L. S. Dyer, then members of the
first horticultural commission of the
county, were the defendants. It was
in the days when fumigation and
spraying were beginning, and the
plaintiff alleged that his trees had
been damaged to the extent of \$1500
by the commissioners.

NOTIFICATION CEREMONY TO-DAY

Mr. Taft Informed by National
Committee of Nomination
For the Presidency

1000 GUESTS ASSEMBLED
FOR WHITE HOUSE EVENT

In Acceptance Speech, Taft
Scored New Progressive party
For Utopian Promises

WASHINGTON, Aug. 1.—With
United States Senator Elihu Root of
New York, chairman of the recent
national Republican convention, act-
ing as spokesman, President Taft
was formally notified here today of
his nomination at Chicago. In a re-
ply which exceeded 1000 words, Pres-
ident Taft formally accepted the
nomination. He attacked the lead-
ers of the new Progressive party, but
no personal mention was made of
Colonel Roosevelt.

Today's ceremony was held in the
east room of the White House. Pres-
ident Taft originally intended to
speak from the south portion of the
White House, but changed his plan
on account of the possibility of in-
clement weather. At exactly 11 o-
clock the notification committee par-
ty, composed of one representative
from each state, marched from the
executive offices to the ball room,
where they were met by President
and Mrs. Taft. Charles Taft, the
President's son, was the only other
member of the family present. Just
before the ceremonies started, Mr.
Taft and Mr. Root were photographed.

More than one thousand guests
were grouped informally around the
east room. Following the ceremony
a reception and buffet luncheon was
held.

Senator Root, in his speech, laid
stress on the assertion that Mr.
Taft's title to the nomination was ab-
solutely clear. Mr. Taft, in reply
said that demagogues had seized the
opportunity to inflame the public
mind and turn peculiar conditions to
their own advantage. He asserted
that his administration had done all
possible, by means of improvement
in the educational system and the
betterment of laws, to ensure quick
administration of justice, and to
lessen inequality of conditions.

The President said that a propa-
ganda promising the millennium and
conditions where the poor would be
made reasonably rich and the rich
reasonably poor by the law, was a
vision of the impossible; and further
said that those Republicans who had
left the party, and Democrats also,
are going in a direction they do not
definitely know, toward an end they
cannot describe.

"I do not say," said President Taft,
"that to the gentlemen who now
lead, one the Democratic party and
the other those former Republicans
who have left the party, in an at-
tack on existing conditions and in an
attempt to satisfy popular unrest by
promises and remedial measures, con-
sciously embarking on Socialism. The
truth is they do not offer any defi-
nite legislation whereby the happy
conditions they promise shall be
brought about, but if promises mean
anything, they lead directly toward
the appropriation of that which be-
longs to one man and giving it to
another."

ALASKAN COAL MAY BE USED

U. S. Navy Sends Scouting Party to
Probe Coal Resources in the
Matanuska Field

SEWARD, Alaska, Aug. 1.—A party
from the armored cruiser Maryland,
which arrived Tuesday, left yesterday
mor the Matanuska coal fields, from
which it is proposed to obtain fuel for
the navy coaling station that is to be
established here.

Those in the party are Executive
Officer C. J. Lang, Chief Engineer E.
J. Shapley, Paymaster F. S. Tobey
and Ensign F. C. Sherman. A. J.
Jaffa accompanied the navy men as a
representative of the land office.

A report will be made to the Secre-
tary of the Navy on the feasibility of
obtaining coal from the Pacific fleet
from the Matanuska field.

SCHOOL SUPERINTENDENTS
TO MEET STATE HEAD AT
CATALINA ISLAND

SACRAMENTO, Aug. 1.—State Su-
perintendent of Public Instruction

ment for the state convention of City
and County School Superintendents to
be held at Catalina Island during the
week beginning September 9.

CANAL OPENING IS THREATENED

Controversy Over Legislation Regarding Canal Likely to Defer Opening

WASHINGTON, Aug. 1.—Unless congress at this session provides for the operation of the Panama Canal, President Taft and Secretary Stimson believe it will be practically impossible for the army engineers to keep their promise to open the big ditch to the ships of the world next year.

According to information at the White House the prospect of action at this session is growing dimmer. Stimson was understood to believe there is little contention over the proposed administration and operation of the canal, but the questions of tolls and of railroad-owned steamships have stirred up controversy in both houses and now neither the president nor his secretary of war are hopeful of settling it. No action was taken yesterday and President Taft is much concerned over the prospect of a delay in the opening of the canal.

So far the president has refused to write a special message to congress on the subject of the canal.

Within the last few days, however,

Keeping It Up

No man can keep up with the auto game unless he has his machine looked over every little while by an expert machinist who knows the structure and mechanism of the standard car from A to Z.

Why not consult us on your repair jobs, overhauling, adjusting and general oversight work? We have a reputation to keep up, and we guarantee to please you.

Congdon Motor Car Company

members of the house have notified him they would oppose any legislation in regard to the canal that did not settle all the matters involved. Secretary Stimson has taken issue with the congressmen, but the president has not made known his attitude.

MARSHAL KELLENBERGER RETURNS TO HIS HOME

Anahem Gazette: Three weeks after being shot by the cholo, Almedares, John Kellenberger was permitted to return to his home Tuesday morning shortly before noon. He will have to remain quietly at home for two or three weeks before his physicians will permit him to assume his duties. His wounds are healing nicely and he will probably be entirely recovered in a short time.

SAVE YOUR HAIR

Don't Use Preparations Containing Poisonous Sugar of Lead or Sulphur

Even if you have healthy hair you ought to use a little PARISIAN Sage once a week as a hair dressing. It keeps the hair healthy; prevents scalp itch, falling hair and dandruff, and—baldness.

But be sure you get PARISIAN Sage. There are many imitations. The girl with Auburn hair is on every car and bottle of PARISIAN Sage. It banishes dandruff, stops falling hair and scalp itch, and imparts to the hair a brilliancy and lustre that all women as well as men love so dearly. PARISIAN Sage is a daintily perfumed and refreshing hair dressing. It's the best hair tonic you can buy. Large bottle 50 cts at the Rowley Drug Company and dealers everywhere.

To the Board of Directors of the S. A. V. I. Co.

Gentlemen:—Work done during the month is as follows:

On ditch A2, have put in gate for G. W. Brown.

On ditch QQ, have put in two 18-inch, and on OO ditch, one 10-inch iron shutoff gates.

Have made cement pipe in sizes as follows: 1,176 feet of 18-inch, 2,066 feet of 16-inch, 1,684 feet of 12-inch, 1,218 feet of 10-inch and 2,852 feet of 8-inch.

On ditch M, have shortened the outlet on six gates, and have repaired a part of ditch I, which was broken.

Have cleaned the following ditches: H, J, I, E, C, T, CC and V. Have cleaned moss on main canal, also upper bank from head to tunnel.

Have bought two sets of pipe moulds with 200 rings with each set for making 8-inch and 10-inch pipe.

Have received and stored one carload of Colton cement.

All of which is respectfully submitted,

J. A. SMITH, Superintendent.

The treasurer's report was received and filed.

A petition was received from D. Clark to have his gate on ditch M raised and was referred to the janitor committee.

A petition was received from L. E. Smith to buy 450 feet of 12-inch, 150 feet of 16-inch pipe and 30 sacks of cement, and on motion was granted.

On motion the president and secretary were instructed to draw a warrant for \$1,000.00 in favor of Ann Field; also to issue a note to said Ann Field for \$3,000.00, said \$1,000.00 warrant and \$3,000.00 note to be used to take up note due Ann Field August 24, 1912, for \$4,000.00.

R. Frick appeared before the board in reference to a report filed charging him with changing one of the company's gates without permission, and both sides of the case were heard and on ballot being taken said R. Frick was declared guilty and fined \$25.00, and on motion, the employees of the company were instructed to not turn any more water to said R. Frick until said fine of \$25.00 is paid.

On motion, the following resolution was unanimously adopted by an aye and nay vote:

"Resolved, That an assessment (No. 50) of ten (10) per cent be levied upon the capital stock named in the articles of incorporation, amounting to sixty cents per share upon the subscribed capital stock now in force, payable at the office of the company in Orange, California, to the secretary, O. E. Mansur, on or before Wednesday, September 11, 1912.

"Any stock upon which the assessment shall remain unpaid after Wednesday, September 11, 1912, will be delinquent and advertised for sale and will be sold at public auction, at 1 o'clock p.m., Saturday, October 26, 1912, to pay the delinquent assessment, together with the cost of advertising and expense of sale, unless payment is made before."

On motion, the secretary was instructed to transfer water stock from K. F. Burns to W. D. Lantz as per deed presented.

The finance committee's report approving bills as follows: Construction account \$2,415.86, expense account \$3,805.59, was read and approved and the secretary instructed to draw warrants on the proper funds for the several amounts.

On motion, the president and secretary were instructed to draw warrants as follows: To the United Iron Works, \$692.50; Southern California Edison Co., \$125.00; Meese Gottfried Co., \$85.75; Westinghouse Electric & Mfg. Co., \$413.66; L. A. Paving Co., \$260.88; Scandinavian Belting Co., \$229.48.

On motion, the litigation committee was authorized to employ some one to audit the Santa Ana Valley Irrigation Company's books for the fiscal year ending August 29, 1912.

On motion, the president and secretary were instructed and authorized to borrow money as follows: From Lottie E. Palmer, \$3,000.00 for three years; from C. Baughman, \$1,000.00 for three years; from the Bank of Orange, \$2,000.00 for 30 days, and from W. F. Feldner, \$1,000.00 for 60 days.

On motion, the superintendent was instructed to buy a power hoist.

On motion, the president, Geo. Dierker, was instructed to sign an order for a G. E. transformer.

On motion, H. W. Lewis and A. G. Finley were appointed as a committee to investigate accident insurance and report later.

Adjourned.

O. E. MANSUR, Secretary.

DOING THEIR DUTY

Scores of Santa Ana Readers Are Learning Duty of the Kidneys

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Santa Ana people endorse their worth.

Mrs. J. William Sackman, 1076 W. Fourth St., Santa Ana, Cal., says: "In March, 1907, a relative, who for the value of Doan's Kidney Pills, procured at Doan's Drug Store (now Wheeler & Mateer's Drug Store), as was proven by their use in her case. At this time I can say that this party still holds just as high an opinion of Doan's Kidney Pills and always speaks in their praise when the opportunity occurs."

Los Angeles Bars Children From Public Places to Arrest Infantile Paralysis

LOS ANGELES, Aug. 1.—Chief Sebastian of the police department yesterday in accordance with the request of Dr. Powers of the health department, issued orders to the various division commanders of the department, that all children under the age of fifteen years be excluded from public gatherings, places of amusement or entertainment, such as theaters, motion picture houses and parks, in the effort to stamp out the cases of infantile paralysis in the city.

Orders were also issued to the playground officials to prevent children under ten years of age from entering the grounds. If necessary the police will be called to enforce this rule.

Licensed in Los Angeles Clyde E. Newton, aged 32, and Edna H. Braun, aged 22, both of Orange, were granted a marriage license in Los Angeles yesterday.

CROP EXPERT GOES ABROAD FOR STATE

Prof. Smith Sent to Study Desert Fruit Conditions in Far Countries

Los Angeles Examiner: Prof. Ralph E. Smith, plant pathologist for California, and one of the leading citrus experts of the world, leaves Los Angeles for the south of France today, for an absence of one year. Professor Smith is sent by the state of California and will devote his time to the study of such fruit crops as are subject to cultivation here. This is the first attempt of the state to study conditions abroad.

Professor Smith is the superintendent of Southern California Pathological Laboratory at Whittier. Before coming to California he was one of the faculty of Amherst College. Professor Smith realizes the possibilities of the deserts of California and the wonderful success which can be attained in that region in the culture of citrus fruits, and the growing of dates and olives. It predicts that the Colorado desert will become one of the greatest producing factors in the United States.

"I will spend a year in looking into the growth of crops in Europe and especially those which can be grown here," said Prof. Smith yesterday. The first stop will be made in the south of France, where the walnut industry will be studied. I will look into the citrus fruit, olive, grape and date industries.

"In the Eastern countries I will pay particular attention to dates for I believe that the date crop in our present day deserts will prove very important in the near future. Dates are no longer an experiment. They are a proven success. I will make a thorough investigation of the deserts of the Nile and of those of the Persian Gulf."

East Fullerton Oil Company Will Drill South of Present Olinda Field

The East Fullerton Oil Company, which has just been organized with a capital of \$1,000,000, will drill a well on its property, which comprises 180 acres of wildcat territory, two and one-half miles south of Olinda.

The officers of the company are Dr. George H. Dobson of Santa Ana, H. S. McCallum and Milford Steele, an oil operator of Los Angeles. Little is known of this territory which the company intends to develop, but it is possible that the same oil strata may be struck which has yielded so well in the proven Olinda district.

NUMBER OF DELEGATES EACH PRECINCT HAS TO THE TWO COUNTY PARTY CONVENTIONS

On Sept. 3, the day nominations are to be made for congressman, state senator, assemblyman and supervisors, each precinct is to select delegates to the county conventions. The Republicans are to hold their convention on Sept. 14 and the Democrats a week later. The dates were set at meetings of the central committees last Saturday. The Republicans called a convention to which one delegate is to be sent for every fifteen votes cast for Hiram Johnson. The Democrats are to have one delegate for every twenty-five votes for Theodore Bell.

Where a precinct has been divided, each of the precincts made from that one precinct figures on half the vote of that precinct. The number of delegates from each precinct to the two conventions are shown in the following table:

SAN BERNARDINO VALLEY GAS CO. SOLD TO CREDITORS FOR \$470,000

SAN BERNARDINO, Aug. 1.—At noon yesterday the entire property of the San Bernardino Valley Gas Company was sold at public auction, in front of the court house at San Bernardino. W. R. Hervey, representing the receiver of the company, conducted the sale, which was in compliance with an order of the superior court. The property was sold to a representative of the creditors and bondholders, at an upset price of \$470,000. That is to say, no price less than that sum could be considered. There was only one bid.

The property sold includes the gas plants owned by the company in San Bernardino, Redlands, Colton and Corona, together with mains and pipe lines, franchises and personal property of every character, which represents an indebtedness of perhaps as much as \$800,000. The upset price fixed by the referee was the result of three separate appraisements of the physical properties of the bankrupt corporation, the referee taking an average of the estimates placed upon it.

The San Bernardino Valley Gas Company is the merger corporation worked out by John M. Gardiner, who started out two years ago to combine all the independent gas companies in the interior of Southern California. But his corporation became too heavy, and finally went into the hands of a receiver, where it has been for a year or more.

NEW STEAMSHIP CO. HAS BEEN FORMED

Ships May Port at San Pedro En Route From Canada to Mexican Ports

SAN PEDRO, Aug. 1.—The Pacific Canadian Steamship Company, Limited, has been formed at Liverpool to take over the Canadian-Mexican steamship service from Vancouver to Salina Cruz. Strong rumors are current here that the boats of the new company will call at Los Angeles. The agreement of the Canadian-Mexican line with the Tehuantepec National Railroad Company will be taken over by the new company. The British steamers, Ikalis and Ikala, of the Gulf Transport line, will be placed in this service with the Lonsdale now en route to Mexico.

The Ikalis left Sydney for San Francisco June 25, and will make the August trip from the North to Salina Cruz. The Pacific Canadian Steamship Company's registration papers, recently filed, state that the purpose of the company is to establish and maintain the running of a line of steamers between Canadian and Mexican ports, in particular between Vancouver and Salina Cruz, calling at intermediate ports, whether in Canada, Mexico or the United States, and at San Francisco.

ADVISORY COMMITTEE

This is not a question of how old is Ann. It is a question of why is an advisory committee. It is a question of how much power has the advisory committee, what good is it, and where are its members.

The advisory committee was an offering to the people, possibly to get votes for the bonds. Some members of the school board selected the committee last December, before the bonds were voted for the polytechnic high school and the south end grammar school. The advisory committee is composed of good men and true, and on that score no man can offer criticism. The bonds were submitted, on the free will offering of the school board that J. N. Anderson, O. M. Robbins, H. T. Rutherford, W. A. Zimmerman and W. B. Tedford should act as an advisory committee.

There was no statement to indicate or outline the powers of this committee. Some may have thought its powers would end with the selection of the site. Others thought it was to stay on the job until the flagpole was up and the school in session. Some may have thought the committee was meant to handle affairs in connection with the poly high only, and others that their duties, powers or privileges included an associate management of the erection of the grammar school. Some may have concluded that the advisory committee was to be an adjunct for conducting all school matters.

When the advisory committee got into action it found that the first step had been or was about to be taken without its advice. That was the selection of the architect.

O. M. Robbins early dropped out of the committee, attending but one meeting and voting upon but one important measure, the selection of the high school site. One or two of the others have attended not over two meetings. Last Friday evening Mr. Zimmerman and Mr. Tedford were present. Tuesday evening Mr. Rutherford and Mr. Zimmerman were on hand. Inadvertently one of these men voted upon a question of whether or not the school board should sign a petition for the paving of East First street. The committeemen seem not to be sure that their services are required. They do not have to answer to roll call and if none of them showed up it is not likely the board would wait for them to be present before taking action on any proposition.

The truth of it is, there has been at no time a clear understanding as to where the committee stands. Sometimes the committee thinks it has a right to vote, and sometimes it thinks it has not. When the question of site was up, one member of the committee wanted to know whether or not it was proposed that the advisory committee should advise as to what its members thought on the matter. President Duggan announced that the advisory committeemen had equal vote with the members of the school board. Mrs. Norman, a director, demurred. She said there was nothing to show that they had any such right or understanding. The president's ruling prevailed, and if our information is correct the minutes of the meeting will show that the selection of the site shows eight or nine votes cast when there are but five members of the school board.

The gist of this presentation is that some definite decision ought to be arrived at—should have been arrived at months ago—as to where the powers of the advisory committee begin and end. If the committee is to remain as an adjunct of the board for the next year and a half, by which time the polytechnic high school may be completed, it is only fair to the public, the committee and the board that some agreement be reached as to what's what. Is it to be left to the president of the board as to when the advisory committee shall vote? Is the board to ask for an advisory vote when it wants such a vote, and can it refuse to listen to the advisory committee when it deems advice unnecessary? For instance, if the advisory committee to vote on the selection of a superintendent of building?

The board of education was elected by the voters of this city to manage its school affairs, and if there are any members of the school board who feel that an advisory committee is necessary to keep the board's judgment from going amiss, those members are in the position of not having confidence in their own ability to handle the job to which they were elected. The members of the board of education are the ones the people hold responsible for the management of school affairs.

About the most certain thing about

ALABASTER BOXES OF HUMAN SYMPATHY

[E. T. Cox of 1038 West Third street sends the Register the following beautiful selection with a request that it be published, saying: "It may make the thoughtless pause and think, and may bring sweetness and cheer into some lonely, sorrowful life."]

Do not keep the Alabaster Boxes of your love and tenderness sealed up until your friends are dead. Fill their lives with sweetness. Speak approving, cheering words while their ears can hear them, and while their hearts can be thrilled and made happier by them. The kind things you mean to say when they are gone, say before they go. The flowers you mean to send for their coffins, send to brighten and sweeten their homes before they leave them. If my friends have Alabaster Boxes laid away, full of fragrant perfumes of sympathy and affection, which they intend to break over my dead body, I would rather they would bring them out in my weary and troubled hours and open them that I may be refreshed and cheered by them while I need them. I would rather have a plain coffin without a flower, a funeral without an eulogy than a life without the sweetness of love and sympathy. Let us learn to anoint our friends beforehand for their burial. Post-mortem kindness does not cheer the burdened spirit. Flowers on the coffin cast no fragrance backward over the weary way.

STAND-PATTERNS SHY AT THE SHADOW OF THE BULL MOOSE

FROM THE ANAHEIM GAZETTE.

Stalking into the meeting of the Republican county central committee at Santa Ana on Saturday afternoon, with lowered head and outstretched horns, threatening the assembled committeemen, an apparition of the "Bull Moose" for a single moment threw standard-bearers into a commotion. The "Moose" would undoubtedly have in time been caught and put into a sack, and the sack tied with a rope, for old-line Republicans were in the majority at the meeting, but it was finally seen that it was after all nothing but Dr. Ball, and while the incident proved harmless, the doctor and this animal may yet insist upon harmony with the Big Stick.

As the Bull appeared, Bob McKee and Earl Dutton were about to stammer out of the hall, but on hearing J. W. Sackett's stentorian voice calling to them to have no fear, they remained in their seats but were evidently greatly frightened.

Judge Howard arose to the majesty of the situation and demanded to know what the law was on the subject. When Chairman Williams finally explained the law the judge saw that the Moose had slipped one over the committee. It all came about when Dr. Ball arose and suggested that under the new primary law the county convention would name precinct members of the county central committee. This is a wide departure from previous procedure. In past campaigns each precinct delegation chose a precinct committeeman. Inasmuch as there promises to be a fight in each precinct between old-line Republicans and progressives, this suggestion of Dr. Ball is full of meaning. Should the progressives dominate the convention, which was called for September 14, they will name a commit-

tee of their own choosing, and this committee will be the governing body of the party in the county at the next state election. Chairman Williams, replying to Ball, said he did not believe the new of the "Bull Moose" for a single moment threw standard-bearers into a commotion. The "Moose" would undoubtedly have in time been caught and put into a sack, and the sack tied with a rope, for old-line Republicans were in the majority at the meeting, but it was finally seen that it was after all nothing but Dr. Ball, and while the incident proved harmless, the doctor and this animal may yet insist upon harmony with the Big Stick.

HART FOR STATE SENATOR

Louis Paul Hart, the talented editor of the Huntington Beach News, announces in this issue of the Register his candidacy for the Democratic nomination for State Senator. Of course he will be nominated, because he has no opponent for that empty honor. But equally of course he will not be elected. If there were any chance of his election we would on one account rejoice in his candidacy, and on another keenly regret it. That is to say, if the Democrats stood any show of electing their legislative can-

didates it were a consummation devoutly to be wished that those candidates should be good, clean able men, —e Hart; but, on the other hand, if there were any likelihood of Democratic success all good Republicans would have cause to pray for weak Democratic nominations and thus insure Republican success.

Jesting aside, Mr. Hart is just the kind of man the Democrats ought to nominate. He is a Progressive Democrat and a man of the finest character.

HISTORY OF DELUSION

Do you remember Senator Pepper, of Kansas? If you do, probably you recall nothing except his whiskers, which waved hilariously in thousands of cartoons from the moment he came to prominence in the politics of his state to the moment of his retirement from the United States senate. Pepper at 82 is in a hospital at Topeka, minus a leg to avert death from bone infection. He submitted to the amputation of his left leg and this was only another sacrifice for the cause he holds dear—the populist cause. You see, he was in the midst of an elaborate article, "The Rise and Fall of the Farmers' Alliance," and was bound to finish it, "if it takes a leg," which it actually did.

Young citizens may be interested to know what the wild-eyed populist movement of twenty-odd years ago was all about. Well, they fought for a lot of "hair-brained radical ideas." Here are some of them: Direct primary law, public utilities commission, direct vote for United States senators, prohibition of railroad rebates and discriminations, initiative and referendum. They don't seem so silly now, though, as they did then.

Were these populists insane? No, just dreamers who talked about "the rule of the people." They were laughed off the face of the earth. Of course, it was easy to answer them. All you had to do was to point out Pepper's whiskers! Could you imagine anything more conclusive in the way of an intellectual clincher? Hardly.

But even in his old age Pepper clings to these delusions and thinks them worth writing about. And they are, too.

\$1,300,000 IN PERMITS

Pasadena Building Record for Seven Months of 1912 Shows Wonderful Increase

PASADENA, Aug. 1.—Close to \$1,300,000 is the sum represented in building permits issued in Pasadena for the first seven months of this year. During this month 147 permits were issued by Building Inspector W. S. C. Stevens, representing \$198,982.

The year 1912 is keeping pace with 1911 in building permits, the present year being in the lead by \$323. The largest permit taken out today was for an apartment house to be erected at the corner of Fair Oaks avenue and California street.

Old and New Japan (From the Detroit Journal.) The old Japan, in which Mutsuhito was born, is dead like the bones of Iyeyasu.

For many centuries the old Mikados swayed gods and men, took tribute from Korea and shattered the fleets of Mongol emperors.

For many centuries the powerful general or shogun or tycoon held the actual power of general government in his own hands, leaving the mikados to their prayers and to the awe of veneration of the people, while feudal lords reigned in their innumerable estates.

That Japan is dead. The present Japan, which has sprung from the supine lapse of feudalism to the action of a modern state, is mysterious and potent, but it is perishable, like Mutsuhito, on the verge of death.

WINNERS OF HONORS

Orange County Students of Pomona College on Honor and Prize Lists of Institution

Orange County students of Pomona College who received scholastic honors in the second semester 1911-12 are on the honor list just issued by President James A. Blaisdell of the college. The honors are of two kinds. General honors are for the students securing a marking of AA or A in all courses pursued; departmental honors indicate that the student has reached AA grade in the courses mentioned and has not fallen below C grade in any course.

The Orange County students who are distinguished by general honors are Miss Lillian Norman of the Senior class, Miss Helen Agnes Anderson of the Freshman class, both of Santa Ana High School; Miss Nina Harbour, Freshman class, of Orange High School.

Departmental honors were received by Santa Ana students as follows: Miss Norman in the music course, and Walter Seaton Reeves, Santa Ana High, in the graphics course; by Miss Nina Harbour, Orange High School, in French and Spanish, and Miss Buelah Harbour, Orange, in English. Among prize winners in 1911-12 were Albert Howard Hankey of Santa Ana High, winning one of the Lober prizes.

Newton-Brann

Orange News: An event of pleasant interest to their friends took place today with a quiet noon wedding in St. Paul's pro-cathedral, Los Angeles, when Miss Edna H. Brann became the bride of Clyde F. Newton. The Rev. Dean McCormick officiated.

The bride's mother and brother John, and Mrs. F. L. Chapline of this city, were the only ones in attendance at the ceremony, the party leaving Orange by automobile early this morning. After spending a few days at the beaches, the newlyweds will return to a beautiful home, just completed on South Orange street.

Mr. and Mrs. Newton are very popular with their Orange friends. Mr. Newton is the owner of a prosperous business and is recognized as an energetic and able business man. His bride has for several years been a clerk in the postoffice, where her pleasant manner won her many friends. All will join in wishing them success.

Jackson-Backs

Anaheim Gazette: At the residence of Mr. and Mrs. F. A. Backs this afternoon at 5:30, will occur the marriage of their daughter, Miss Emma Backs, to Roger W. Jackson, well known auto dealer. The ceremony will be performed by Rev. Father Dubbel, and a number of friends.

Better not delay starting those music lessons. The summer is rapidly passing and you are losing much good time and many superior advantages if you are not studying in the Conservatory.

REGISTER NOW

Registrations for the nominating primary to be held September 3 close at midnight, Saturday, August 3.

All voters whose names are not on the books at that time, as having registered since January 1, 1912, will be ineligible to participate in the September 3 election.

It also will be necessary to state a party affiliation. Only those registered as Republicans, Democrats or Socialists will be permitted to vote, and only those registered as Republicans can take part in the selection of Republican nominees.

Register at once. Delays are dangerous.

Invited guests will be present. The residence is being very beautifully decorated and a sumptuous wedding feast will be served.

The bride-elect is a member of the social set and her many charms of mind and heart have made her a favorite among all who know her.

Mr. Jackson has been a resident of Anaheim for some months, being engaged in the automobile business.

The wedding crowns a very happy romance of several years' standing, which began by a chance acquaintance while Miss Backs was visiting friends in Los Angeles. The happy couple will leave after the ceremony this evening for a two-weeks' honeymoon tour of Bay City and other seaside resorts. On their return they will go to housekeeping on Alberta street where a comfortable home has been fitted up for them. They have the felicitations of the entire community and best wishes for a long and happy married life.

Enjoyed Concert

Another splendid out-of-door audience greeted the Santa Ana City Band last night at Birch Park, and the band responded nobly to expectations.

The program, which proved a most popular one, was played with spirit and intelligence that aroused hearty applause and appreciation. The Faust selection was one of the best played during the evening. Another number pleasing the popular fancy was the Romance "Dreams" by Rollinson.

The general expression of opinion is that the band is doing better work at each concert, indicating intelligent practice work.

NATURAL GAS FOR LOS ANGELES USE

Midway Fields 125 Miles Away Will Furnish Crown City With Natural Illuminant

LOS ANGELES, Aug. 1.—Natural gas will soon arrive in Los Angeles. It is coming from the Midway fields, near Bakersfield, a distance of 125 miles.

Because of its high heating power it produces a blue flame, which is contrary to the city ordinance, and yesterday W. E. Barrett, chief engineer of the Midway Gas Company, asked the Board of Public Utilities to recommend to the City Council the adoption of an ordinance that will correct the situation, so that the gas can be brought into the city without a technical violation of the law.

The gas will be distributed by the Southern California Gas Company, which is associated with the Midway. It was stated to the board that the gas would be ready for distribution before the first of the new year and that for a period of three months it would be tested in the industrial district. Following the test period the gas will be put into general use.

The company was requested to put its application in writing for future consideration.

FIRST ASSEMBLY UNDER COLORADO PRIMARY LAWS

DENVER, Colo., Aug. 1.—The first Republican State Assembly under Colorado's primary law in session here adopted yesterday resolutions endorsing the administration of President W. H. Taft and instructing Colorado's electors to vote for his re-election. The assembly selected candidates for presidential electors, two United States senators, two congressmen at large and a complete state ticket. The same will appear on the ballot at the primary election to be held Tuesday, September 10.

C. C. Dawson was selected as candidate for United States Senator to succeed Senator Simon Guggenheim, whose term expires March 3, 1913, and C. W. Waterman as candidate to fill the vacancy caused by the death of the late Senator Charles J. Hughes, Jr.

Candidates for the Republican gubernatorial nomination will be C. C. Parks of Garfield county and Halsted L. Ritter of Denver. The name of Philip B. Stewart, recognized leader of the supporters of Theodore Roosevelt in Colorado, was not presented to the assembly for governor. Dr. Charles E. Barker, personal physician of President Taft, addressed the assembly.

CHAPMAN ELECTED FOR ELEVEN TIMES

Christian Convention Chooses New Officers—National Officer Gives Address

LONG BEACH, Aug. 1.—Prolonged applause followed the election yesterday of C. C. Chapman of Fullerton as president of the Christian convention. This is the eleventh consecutive time Mr. Chapman has been chosen for the office.

Other officers elected yesterday were F. M. Rogers, pastor of the Long Beach church as vice president; S. J. Chapman of Los Angeles, treasurer; Frank G. Tyrrell, Los Angeles, attorney; M. D. Clubb, Los Angeles, secretary.

The directors elected were J. W. Utter, Glendale; G. W. Walters, Pomona; W. F. Holt, Redlands; J. S. Billheimer, San Diego; W. J. Morrison, Long Beach; Lloyd Darsie, Hollywood; R. T. Thrapp of Los Angeles was elected to fill the place of W. C. Hull of Pasadena, resigned.

Among the speakers at the convention yesterday was Grant K. Lewis, national secretary of the Christian missions, and formerly State secretary of Southern California. An ovation was extended him at the close of his speech. I. H. Booth spoke on church extension and A. C. Smith gave a strong presentation of the growth of the Christian Board of Publication.

HUMAN BONES IN ANCIENT ASH HEAP

Los Angeles Workmen Made Find in Moving Cottage That Had Had Many Tenants

The Los Angeles papers of this morning narrate the fact that Los Angeles workmen yesterday stumbled on the bones of the left arm, shoulder and hand of a woman, half buried under an old pile of ashes in the foundation of a fire place of a cottage they were removing from 131 West Twenty-eighth street, in that city.

The police were notified and the contents of the ash heap taken to the police station. There is no sign that the bones have been touched by fire.

The house has been occupied by the family of Walter Michel of Los Angeles for more than three years. Prior to their occupancy, the family of Frank Cresswell, a ranch mining man, had the house. Their occupancy was preceded by the family of J. W. Stevens, now of Santa Ana, who lived there four years ago. Before their house was tenanted by F. C. Millard. Prior to that time the tenants were frequent.

WEALTHY NEGRO LOST ON MOJAVE DESERT—DEMENTED

SAN BERNARDINO, Aug. 1.—Somewhere on the Mojave Desert Joseph L. Perry, a wealthy negro of Chicago is roving while a score of trained desert trailers are searching for him.

Yesterday Sheriff Ralphs received a wire from the Salt Lake agent at Nipton stating that during the night a sick passenger had leaped from Salt Lake Overland No. 1 and had not been found. The sheriff at once wired instructions to his deputies to aid in the search. A party of trailers left during the morning from Nipton, another party was hurried out from Otis and other points sent rescuers, but late reports indicate that the demented man has not been found.

Owing to the nature of that region and the intense heat, there seems little likelihood that Perry will be rescued alive. He was being taken by his wife to Pasadena for his health.

DYNAMITE CULTIVATION

Riverside Will Experiment Largely With Explosive For Loosening Up Farm Soils

RIVERSIDE, Aug. 1.—Riverside is to become, with Los Angeles, headquarters for experimenting with dynamite cultivation this fall. H. D. Gas kill, special representative of the Dupont de Nemours Powder Company, who is staying at the Glenwood, states that an early campaign will begin in August to get the work done before the winter rains set in. The use of dynamite for loosening heavy clay and gravelly soils around fruit trees has doubled in Southern California in the last six months. Southern California, he says, has taken remarkable hold on the methods. The comparative safety with which the work can be done with the new stable low per cent dynamite is one of the causes of its extensive use.

MYSTERY CRUISE ENDS

Frank Garbutt and Family Return From Delightful Trip Where Daughters Were Skippers

LOS ANGELES, Aug. 1.—Frank A. Garbutt, vice president of the Los Angeles Athletic Club, has returned from the mystery cruise on which he was piloted by his daughters, the Misses Melodie and Theodora, accompanied by his wife and son, Frank. The yacht was sailed to the San Clemente Islands, where some strange nooks were explored and swimming and fishing was enjoyed. The party was away nearly a month, and will make another trip.

ROAD BONDS ELECTION WILL BE DEMANDED

(Continued from page one)

practicable—the election to be held, if possible, at the same time as the November election, and if not, as soon thereafter as can be arranged. The sentiment expressed in the discussion which followed was that the county can afford to wait no longer on the State Highway Commission, and should go ahead regardless of it, as it may be two or three years before any road will be built through the county by the state. If it should develop that the state intends to use some of the road improved by the county, the state will be that much ahead.

It was brought out that as valuations stand at present the county is in a position to issue bonds to the amount of \$1,750,000, and it was determined that the supervisors should be asked to make the road issue as near the limit as was deemed safe. The president appointed on the committee the members of the Good Roads Committee, consisting of Gus Stern of Fullerton, F. H. Case of Santa Ana and A. H. Bradford of Placentia, and in addition J. A. Armistage of Newport Beach. Next Tuesday afternoon at 2 o'clock was set as the time for the call on the supervisors, and it was requested that all members of the organization who can, and any other citizens who are interested, join in the visit, to the end that the board may be impressed with the importance given to this subject by the citizens of the county.

An invitation from Fullerton to hold the August meeting in that city was accepted, and it was resolved that the banquet be served at 7 o'clock sharp, whether the crowd be on hand at that time or not.

NEW BANK FOR STANTON

Los Angeles Capitalist Already
Has More Than Half the
Stock Subscribed

Anahem Gazette: A. W. Carver, of Los Angeles, has visited Stanton twice during the past week in the interests of the organization of a bank. He has succeeded in disposing of more than half of the stock necessary to establish the institution. The capital stock will be \$25,000. Mr. Carver has subscribed for one-third of the amount himself. He comes highly recommended as a man of reliability.

On Tuesday, F. C. Beecher, who owns lot one in block three, signed a contract to construct a building on the lot, to be used as a garage by Messrs. Baker and Dale. Mr. Beecher has been ready to make this improvement for some time, but he had been unable to secure suitable lease for the property until Messrs. Baker and Dale agreed to take a lease and establish a garage and machine shop.

Mr. Beecher expects to have his building ready for occupancy within the next thirty or forty days as he is rushing the work on the plans and will commence construction some time next week.

Messrs. Baker and Dale have resided with their parents on their farms in Stanton since boyhood and no better parties could have been found to conduct a business of this kind as both young men are thoroughly reliable and have a complete understanding of the business in which they propose to engage.

THE FRATERNAL BROTHERHOODERS AT LONG BEACH

E. M. Cleveland, 89 Years Old,
Missing From His Home
in Orange

A large number of residents of Santa Ana who belong to the Fraternal Brotherhood lodge, accompanied by their friends and families will themselves off to Long Beach, Thursday, August 29, for a picnic which will be attended by some 2000 members from the entire Southland. The Chamber of Commerce of that city has taken the matter up, and all who wear the yellow badge of the day will be entitled to a straight five cent rate to all the ten cent concessions on the pike and a fifteen cent rate to the twenty-five cent bath house, which includes everything. It will entitle the wearer to free hot coffee with the evening basket lunch which will be enjoyed on the lower floor of the pavilion at about 5 o'clock. The ladies of the local lodge will have a rest room in the pavilion all fitted up for the occasion so that every want of the visitors will be supplied.

The formal opening of the picnic will be at 2 o'clock in the afternoon although the guests will begin to arrive by 9 o'clock in the morning. The affair will also be a sort of "welcome home" to Supreme President Poshay, who has been touring the East in the interest of the lodges. He will respond to the mayor's address of welcome, and a short program of good witty talks will follow. A band concert on the beach will be the next event, and then the races, for which there will be many prizes for both ladies and gentlemen. Anyone may enter who wears the badge. There will be egg races, potato races, real races of all kinds. These will be followed by the exhibit of the drill teams and every lodge is requested to send its team to compete for the prizes. Uniforms will not be necessary to win a prize. The first prize will be a beautiful silk flag worth fifty dollars. There will be many others. The day will close with a grand ball in the auditorium in the evening, at which the famous Willey band will furnish the music.

It will be a big event, and Santa Ana will no doubt be represented as one does not have to be a member to attend and it will be a good opportunity for a cheap outing. All the railroads and car lines will cut rates for the day.

RIVERSIDE FRUIT GROWERS TO HEAR CITRUS EXPERT

RIVERSIDE, Aug. 1.—Fruit growers and others in near-by districts are afforded an unusual opportunity just now in a series of lectures on citrus fruit culture, provided by the Riverside Trust Company, which developed the extensive orange and lemon district on Arlington Heights.

C. Bougue Luffman of London, who for thirty years has been engaged in the study of the citrus fruit industry, is engaged by the Arlington Heights Fruit Company, a subsidiary of the Riverside Trust Company, to deliver a course of lectures for the benefit of the officers and managers of the company. For many years Luffman was in the government horticulture service in Australia. He is quite familiar with Mendocino, the colony founded by Chaffey brothers, who founded the Model Colony, as Ontario was known in the early days.

The expert advances some new ideas with regard to fertilization, and he is being heard with great interest and profit. Some radical experiments will be tried out here as a result of his suggestions.

News was received this morning by Under-sheriff Squires that Dick Hillyard, wanted here for forging the name of his cousin, Albert Underwood, to a check for \$45, is in jail in San Diego, and an officer will be sent there this evening to bring him back.

Underwood located in Orange a short time ago, and was introduced at the bank there by his cousin, Hillyard, and deposited his entire savings, amounting to \$45. A short time later Hillyard appeared at the bank with a check for that amount, signed with Underwood's name, and got the money. He wrote Underwood a letter telling what he had done, and then disappeared. Underwood visited Justice Cox's court and swore to a warrant

against Hillyard, his principal actuating reason being that he thought nothing else would save Hillyard, who has been in trouble several times before, from worse.

Under-sheriff Squires, from his knowledge of Hillyard, was confident that the latter had gone to San Diego, and devoted his entire energies to that city. He kept close on the trail, and a few days ago, through a letter which Hillyard had written, secured information which led to the arrest. Hillyard was on probation for a former offense at the time the forgery was committed.

Jap Case on Trial

K. Tani was before Justice Cox this morning for a preliminary hearing on the charge of stealing a gold watch belonging to S. Nakagami from the latter's house at Smelter. Tani was arrested in Los Angeles a week or so ago on information charging him with having stolen \$85 from S. Hirooka, and when searched the watch was found on his person. He refused to give any account of how he had secured it. This morning the fact of the robbery and of the watch having been found on Tani were brought out, and then Deputy District Attorney Koepsel said he had just learned of an important witness who is now in Talbert, and the case was continued until tomorrow in order that this witness may be secured.

AT THE COURTHOUSE

STANTON IS
MUNICIPALITY

Judge West Rules That County's New Town Was Formed
in Valid Manner

By a decision on a demurrer, Judge West today upheld the validity of the formation of the town of Stanton.

The points at issue were brought up on demurrer, and if there is any appeal it will be upon the judge's ruling, which was that "the demurrer be sustained, with leave to amend within ten days, if he be advised he can amend."

The plaintiff in the action was Walter J. Cole, a taxpayer of Stanton. The Board of Supervisors was the defendant. Alleged irregularities in the procedure were set forth as a cause of action. Cole's attorneys were H. G. Ames of Anaheim and Pope of Los Angeles. Attorney H. C. Head of Santa Ana appeared for the defendant. Arguments on the demurrer were heard about two weeks ago.

Judge West's decision means that the proceedings of the Board of Supervisors and the records of the county clerk are correct and regular.

Date is Changed

W. L. Duggan, chairman of the Democratic county central committee, and C. D. Overhimer, secretary, today filed with County Clerk Williams a statement changing the date of the Democratic county convention from Sept. 17 to Sept. 14. It was discovered that under the law the convention must be held within two weeks after the primaries of Sept. 3.

**GREEK PRISONER
RAN AMUCK TO-DAY**

Stabbed Fellow Prisoner to
Death and Cut Two Others;
Men Were Teasing Him

LOS ANGELES, Aug. 1.—Crazed with anger as the result of "joshing" by his fellow prisoners, John Vashilk, a Greek trusty, ran amuck in the county jail here today. He seized a knife from the breakfast table on which he was waiting, and stabbed and killed G. H. Mullen, a trusty, and cut two other prisoners, Louis Knowles and Martin Mendoza. Mendoza is badly injured. Vashilk was finally covered with a revolver by Turnkey Reeder, when he surrendered.

Coming from the kitchen with a tray of food, Vashilk secreted a long butcher knife in his clothing. He plunged the knife into Mullen's back full to the hilt. Mullen fell from his

chair, today almost instantly. Vashilk then attacked Mendoza and Knowles.

According to the other prisoners, Mullen, Mendoza and Knowles had been "kidding" Vashilk for several days regarding his inability to speak English, and various other things. "They were teasing me," was the only explanation Vashilk gave of his crime. The murderer is about 30 years old, and is serving a six-months' sentence for attacking an iceman in Long Beach with a knife.

Mullen was at one time a railroad man at his home in Cincinnati and is said to have held important railroad positions.

**ON TRAIL OF

Charges Against Justice May
Lead to Impeachment
Proceedings

WASHINGTON, Aug. 1.—The way for impeachment proceedings against Justice Daniel Thaw Wright of the Supreme Court of the District of Columbia, opened today in charges made by Attorney Francisco Tobin in a letter to Speaker Clark. Tobin demands the impeachment of Wright, charging him with violations of his oath of office, and that he was influenced by the Bucks Stove and Range company in rendering his decision in the contempt charges case against Samuel Gompers, John Mitchell and Frank Morris, the labor leaders. Speaker Clark referred the letter to the house judiciary committee.

"KEEP RIGHT ON WITH PROBES OF JUDGES," SAYS BRYAN

LINCOLN, Neb., Aug. 1.—That the impeachment proceedings against Federal Judge Hanford has opened the way to similar investigations all along the line and that there ought not be a turning back, is W. J. Bryan's opinion expressed in today's issue of The Commoner.

"Hanford resigned," says the editorial, "evidently to escape the exposure that would be incidental to impeachment proceedings."

BUSINESS RESUMED IN JAPAN YESTERDAY

TOKIO, Aug. 1.—Business in the Capitol and generally throughout the country, which came to a standstill with the death on Tuesday morning of the Emperor, Mutsuhito, was resumed yesterday.

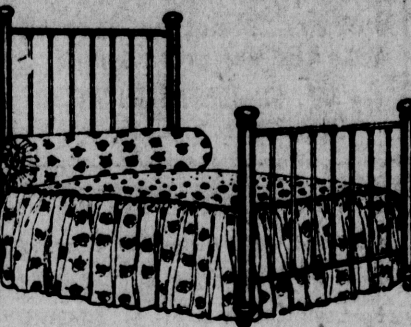

Emperor Yoshihito was kept busy throughout the day, during which he issued an edict proclaiming his accession to the throne which he read before a vast concourse of high officers. He also proclaimed his succession to the command of the army and navy. Following the farewell taken of the late Emperor's body by the members of the Imperial family, the body was deposited in a casket with a quadruple covering, the outer one measuring nine by four feet, and then placed in a special mourning chamber. The date of funeral may be agreed on today by special bureau.

On his way to the Aoyama palace, where it is understood he will reside until after the funeral, Emperor Yoshihito was given a great ovation, immense crowds gathering along the streets, where they stood with bared heads.

Brass Beds, massive two-inch posts, like cut, for **\$9.50**

Purchasing Brass Bedsteads right is no longer a problem for the buyer, as it is now possible to buy Brass Bedsteads lacquered with "Damard" Lacquer, which is a guarantee of durability and perfect finish.

The last operation necessary to complete the construction of a Brass Bedstead is applying the lacquer on the brass finished surfaces, and the actual length of life of a brass bedstead practically depends upon the quality of lacquer used.

When a manufacturer can offer Brass Bedsteads lacquered with "Damard" Lacquer that is not affected by atmospheric conditions, perspiration, acids, ammonia, alcohol, etc., and will guarantee same for five years the question of durability and serviceability is fully settled.

Genuine Brass Beds With Damard
Lacquer Finish, \$9.50 to \$4.000

We have a large assortment of styles and designs to select from and while we guarantee the quality and finish we are still able to quote very moderate prices.

**RABBITS HUNT
THICK CACTUS**

Local Hunters Get the Cream of
the Rabbit Crop—Quail a
Scarce Article

Yesterday was the opening day of the rabbit season. This section has hardly become accustomed to the state law that protects brush and cottontail rabbits. The last closed season, however, seems to have demonstrated the advisability of a closed season so far as the increase of the game is concerned, for yesterday found the cactus patches and sage-brush fairly stocked with rabbits. A number of hunters who were out yesterday and today killed off most of the easy-to-get kind, and it will be but a day or two before rabbits will be as scarce as they were before a closed season gave the brush and cottontail bunnies a show for their lives during the closed season, February to July 31.

Hunters who have been out after rabbits report that the season looks good for doves. Of course, it will take but a day's bombardment, such as the doves will have to undergo on September 1, to make doves hard to get.

It is an off year for quail. Men who live in the mountains and have a chance to observe the game, say that but few of the quail that mated will bring out coveys. Nesting on the ground, makes the quail easy prey to coyotes, wildcats, skunks, snakes and other pests. It is more likely that the game association of this county will endeavor to get some kind of a law that will put a bounty on the scalps of coyotes and wildcats, which do more to thin out the quail than all the hunters in the county.

A Trabuco rancher talking about the quail "crop" said that he watched and kept tab on six nests made by quail near his place. Four out of the five nests were broken up by coyotes, wildcats or other wild animals. The brood of another was destroyed, and the sixth pair brought out a covey.

BATTLE SCARRED FLAGS

Historic Banners and Relics Will
Be Exhibited During Grand
Encampment Week

Los Angeles Times: Relics of the Civil War, each with an eventful history, are being received by the executive committee of the Grand Army encampment. This is the result of a request by Capt. Osborne that battle flags and other objects of historic interest be brought here for exhibition during encampment week and during the big parade.

Some of the most famous of the old battle flags cannot be brought here, and others are so badly worn and tattered that it would be unsafe to expose them to handling or to the action of the weather in the parade, but it is believed there are enough well-preserved flags to make a good showing.

A California veteran who will be here in September is said to have in his possession the flag which was draped about the body of Gen. Baker at the battle of Ball's Bluff. Another veteran came into headquarters recently with a bullet picked up on the battlefield of Gettysburg at the spot where the First Minnesota Regiment was moved down in the heroic stand against Pickett's charge. No other single body of troops so far as the war annals show, ever suffered such a fearful mortality rate as did the First Minnesota Regiment in a few minutes.
